**It is easy being Green!!**

Calling residents of Chirk! Are you interested in saving money on your household bills? Are you interested in learning how to cut your carbon footprint?

If the answer to these questions is yes, then we're here to help! Groundwork and Cadbury's are currently running a project with young people aged 16 – 25. The aim of the project is to make the residents of Chirk aware of how much energy they can save in their household and how they can contribute to making the planet greener.

We will be in the Chirk area very soon to conduct FREE energy surveys and to inform people how they can reduce their energy consumption and save money on their household bills.

If you would like more information then please feel free to contact Ally Bedford at Groundwork on 01978 757524 or email: [alison.bedford@groundwork.org.uk](mailto:alison.bedford@groundwork.org.uk)

Note to Editor

Groundwork in North Wales is part of a federation of over 40 Groundwork Trusts in Wales, Northern Ireland and England. Each Trust is both a charity and a company limited by guarantee.

Groundwork's mission is to enable all citizens, whatever their backgrounds and circumstances, to improve the quality of their own lives, through engaging them in physical environmental activities and community dialogue. The essence of the Groundwork approach is local action, working in communities, with public, private and voluntary sector partners, to achieve practical improvements.

Groundwork in North Wales receives funding from Local Authorities, the Welsh Assembly Government and other public and private partners.
